PROFESSIONAL EXPERIENCE & PROJECTS

Bosch (RBEI), Hyderabad- CRM Consultant

OCTOBER 2016 - PRESENT

Worked in 3 Dynamics 365 Projects at **Microsoft** client location.

PROJECTS

- **OFFICE OF CHIEF JUSTICE**

Role: Dynamics CRM Developer at Microsoft Client Location

Team Size: 14

Responsibilities: Customizations and creating custom actions which are being consumed by portal. Architecture used in system was very generic which let's us consume same classes in CRM actions and Asp.Net both using reflection.

Technologies: Dynamics 365 CE On-Premises, Sharepoint, Asp.Net MVC, Asp.Net Web API, Azure Blob, SQL Server, AngularJS, Aspose

- **IKEA**

Role: Dynamics CRM Developer at Microsoft Client Location

Team Size: 22

Responsibilities: This system contains major part in AX and it used CRM part to manage lease of malls, I was involved in field service module for the same . Along with development I was responsible continuous integration which I achieved with VSTS and Powershell.

Technologies: Dynamics 365 V9.0 Online, Dynamics Lifecycle Services, ADX Portal

- **DR LAL PATH LABS**

Role: Dynamics CRM Developer at Microsoft Client Location

Team Size: 20

Responsibilities: This system helps DLPL to engage with their customer and provide services, Along with CRM system consist of USD and a Custom portal for customers. I was involved in implementing crm case functionalities which were further consumed in USD and portal. Along with CRM worked closely with portal team to help them consume desired data.

Technologies: Dynamics CRM 2016 On-Premises, USD, ASP.Net MVC, SQL Server

Ray Business Technologies, Hyderabad- *Software Engineer*

AUGUST 2015 - SEPTEMBER 2016

Worked for Australian client in Education domain using Dynamics CRM 2015.

PROJECTS

- **EPSILON**

Role: Dynamics CRM Developer

Team Size: 8

Responsibilities: Mainly worked on integration part between EPSILON & AAMS System & Data Migration with custom code. Also I have worked on several C# plugin/workflows for the same.

Technologies: Dynamics CRM 2015 On-Premises, SQL Server 2012

SumTotal Systems (A SkillSoft Company), Hyderabad- *Engineer*

May 2014 - APRIL 2015

Worked on enhancing xml based internal tool using C# which helps testers to automate test cases.

PROJECTS

- **AUTOM TOOL**

Role: Developer

Responsibilities: Involved in design and implementation of internal tool according to their products along with backward compatibility for previously written scripts. Xml parsing in C# was involved majorly as test scripts were written in a Xml based language.

Team Size: 10

Technologies: C#, Windows Forms, Git, SQL Server, Selenium, HP Quality Center

Nacre Software Services, Hyderabad- *Trainee Engineer*

DECEMBER 2013 - APRIL 2014

Worked as Trainee in Survey System using Asp.Net, MySQL and jQuery.

PROJECTS

- **ONLINE SURVEY**

Role : Developer

Responsibilities: Worked on “Create and take survey module” where I developed web services in Asp.Net to talk with jQuery UI.

Technologies : Microsoft .NET (ASP.NET Web Forms), MySQL Server 5
